RE: Project ID: FLR10Q765
8.5 SMA STA/Leeves & Canals
Located in Dade County, SW of Miami & E of the Everglades National Park
Miami, Florida

Dear Permittee:

The Florida Department of Environmental Protection has received and processed your *Notice of Intent to Use Generic Permit for Stormwater Discharge from Large and Small Construction Activities* (NOI) and the accompanying processing fee. This letter serves to acknowledge that your NOI is complete, your fee is paid-in-full, and your project is covered under the generic permit effective **April 2, 2004**. Your coverage under the generic permit will expire **April 1, 2009**.

The *Generic Permit for Stormwater Discharge from Large and Small Construction Activities* (CGP) was issued under the provisions of Section 403.0885, Florida Statutes, and applicable rules of the Florida Administrative Code. Until the CGP is terminated, modified or revoked, permittees that have properly obtained coverage under this permit are authorized to disturb land, to construct and operate facilities, and to discharge to surface waters in accordance with the terms and conditions of this permit.

Your project identification number is FLR10Q765. Please make reference to this number on all future correspondence including any checks made out to the Department.

This letter is not your permit. Your NOI allows you to proceed with construction by complying with the CGP (DEP Document No. 62-621.300(4)(a)), a copy of which you may obtain online at <http://www.dep.state.fl.us/water/stormwater/npdes> or by contacting the NPDES Stormwater Notices Center.

Key provisions of the permit are (1) implementation of your stormwater pollution prevention plan (SWPPP) that was required to be developed prior to NOI submittal; (2) conducting and documenting routine inspections as required by the permit; and (3) retention of records required by the permit,

"More Protection, Less Process"

Printed on recycled paper.

including retention of a copy of the SWPPP at the construction site, or at an alternative location as specified in your NOI, from the date of project initiation to the date of final site stabilization.

If your project will continue discharging stormwater associated with construction activity beyond expiration of the current coverage, request for continued coverage shall be made by filing a completed NOI at least 2 days before expiration of the current coverage period. If you discontinue discharging stormwater associated with construction activity, or otherwise qualify to discontinue coverage under the CGP, you may terminate permit coverage by filing a Notice of Termination of Generic Permit Coverage (NOT).

If you have any questions concerning this acknowledgment letter, please contact the NPDES Stormwater Notices Center at (866) 336-6312 or (850) 297-1232.

CERTIFICATE OF SERVICE

THE UNDERSIGNED HEREBY CERTIFIES that the foregoing acknowledgment of coverage under the Construction Generic Permit Rule 62-621.300(4), F.A.C., was mailed by Science Applications International Corporation working under FDEP Contract Number WM788, on behalf of the Florida Department of Environmental Protection, on the date indicated below via the United States Postal Service.
