	16C. DATE SIGNED 21-Aug-2002

SPECIFICATION CHANGES

THIS IS A DESCRIPTIVE AMENDMENT. ALL SUPERSEDED MATERIALS SHOULD BE REMOVED OR ADEQUATELY MARKED TO INDICATE THEY HAVE BEEN SUPERSEDED.

Please delete from Section 02325, Paragraph 3.2.1 and replace with the following paragraph:

3.2.1 Access

Land access through La Esperanza Park to the staging area has been pre-coordinated by the Jacksonville District. Any damage to roads or any other park property must be repaired and the property returned to preconstruction condition at the Contractor's expense. The Contractor shall be responsible for providing and maintaining additional access necessary for his equipment and plant to and from the work site, mooring area, and dredged material placement area. The Contractor shall ascertain the environmental conditions which can affect the access such as climate, winds, currents, waves, depths, shoaling, and scouring tendencies. As shown on the drawings, existing dense vegetation (which the Contractor shall not disturb) covers portions of the La Esperanza Peninsula from one shoreline to the other. Consequently, equipment access to the tip of the peninsula can be by water only.

Please add to Section 02325, Paragraph 1.7:

1.7.2 Light Poles

The existing light poles along with associated buried conduit and wiring in the vicinity of sheet pile wall no. 1 & 2 have been abandoned. The contractor shall confirm that the electric lines have been de-energized and then shall remove and dispose of as many of the light poles along with as much associated conduit and wiring as necessary to accomplish the required excavation and sheet pile installation. Disposal of light poles, conduit, and wiring shall be in an area provided by and at the expense of the contractor and shall be approved by the Contracting Officer.
