SECTION SF 30 BLOCK 14 CONTINUATION PAGE

SUMMARY OF CHANGES

SECTION SF 1449 - CONTINUATION SHEET

SOLICITATION/CONTRACT FORM

The required response date/time has changed from 29-Oct-2003 02:00 PM to 13-Nov-2003 02:00 PM.

The following have been added by full text:

52.237-1 SITE VISIT (APR 1984)

(a) Offerors or quoters are urged and expected to inspect the site where services are to be performed and to satisfy themselves regarding all general and local conditions that may affect the cost of contract performance, to the extent that the information is reasonably obtainable. In no event shall failure to inspect the site constitute grounds for a claim after contract award.

(End of clause)

INSPECTION OF SITE AND OF DATA AFFECTING THE WORK -- SERVICES

Site inspections for the benefit of prospective offerors will be held on 29 October 2003. Prospective offerors should assemble on 29 October 2003 at 9:00 am at the Jacksonville District Warehouse, 3077 Talleyrand Avenue, Jacksonville, FL. During this inspection, the Government's representative will point out access areas which will apply to this contract. Prospective offerors are requested to confirm arrangements to attend the inspections by contacting Charles C. Connelly at (904)232-1198 no later than 3:00pm, 28 October 2003.

(End of paragraph number 999.237-4003)

The following have been modified:

SCOPE OF WORK

0012 - DRAWINGS. Paragraph a, third sentence, changed as indicated. Paragraph b, replaced as indicated. Paragraphs c (Design File Requirement) and d (Units of Resolution) have been deleted.

a. third sentence. As reads: The Government will supply D-size border file.

a. third sentence is amended to read: The Government will supply a D-size electronic reference file containing the Government's standard border sheet. This border file will be provided in native electronic digital format (i.e., .dgn and .dwg).

b. As reads: The Contractor shall submit one complete set of as-built drawings furnished in Bentley Systems MicroStation (.DGN) format, Version 7 or higher. CADD standards shall conform to the most current release of the Spatial Data Standard (SDSFIE) and Facility Management Standard (FMSFIE) available at <http://tsc.wes.army.mil/products/TSSDS-TSFMS/tssds/html/>. Delivery should include (1) paper copy and (1) digital copy on CD-R Compact disc.

b. Amended to read: The Contractor shall submit one complete set of as-built drawings in electronic format. The drawings shall be prepared in accordance with the applicable provisions of the "Tri-Service CADD/GIS Center Architectural/Engineering/Construction (A/E/C) Computer-Aided Design and Drafting (CADD) Standards Release 2.0" *except as noted herein*. Standard drawing size shall be ANSI D-size (22"x34") full size, ANSI B-size (11"x 17") half size. English working units shall be used. As a minimum each drawing shall have an electronic file copy.

Only one drawing should occupy an electronic file. The drawings may be either Bentley Systems, Inc. MicroStation Version 8 or Autodesk, Inc. AutoCAD Version 2002. No AutoCAD 2004 format files will be accepted.

Before a CADD file is placed on the delivery electronic digital media, the following procedures shall be performed:

1. Remove all extraneous graphics outside the border area.
2. No file compression software shall be used when writing the files to the CD-ROM.
3. Document any fonts, tables, etc., developed by the A-E or not provided among the Government-furnished materials. The A-E shall obtain Government approval before using anything other than the Government's standard fonts, linetypes, tables, and cells/blocks.

All details, sections and views shall be drawn in full size. Border files and model files shall be referenced into sheet files to display the full size views. Details shall be drawn to full scale and referenced into detail sheets (self referencing files are appropriate). Drawings will be scaled by the plot utility, not scaled first then plotted. *This is an exception to the Tri-Service AEC standards that shall be enforced.*

(1) DELIVERY MEDIA AND FORMAT.

(a) All submittals shall be provided in their native electronic digital format and shall be provided on 5¼ inch ISO-9660 CD-ROM. The electronic digital media shall be in the format that can be read and processed by the Government's target Intel-based computer system. Each CD-ROM shall have an index file, created in Microsoft Excel, placed in its root directory. The file shall be named "index.xls" and shall contain, as a minimum, a list of filenames, their location on the CD-ROM, and a brief description of their content (i.e. CADD file would have the drawing title listed, a letter would have the subject listed).

(b) The external label for each electronic digital media shall contain, as a minimum, the following information:

- 1) The Contract Number (and Delivery Order Number if applicable) and date.
- 2) The format and version of operating system software.
- 3) The name and version of utility software used for preparation (e.g., compression/decompression) and copying files to the media.
- 4) The sequence number of the digital media.

Drawings indicated in 0012 (a) (1-7) have been posted to the web site as a separate file.

(End of Summary of Changes)
